RE:

Alger Road Water Main Extension

Pine River Township

Kevin:

This is Spicer Group's proposal to provide professional engineering services to prepare preliminary plans and alternatives for water main extensions along Alger Road and Monroe Road.

#### Background

Pine River Township has asked Spicer Group to prepare preliminary plans for the review of potential watermain extension routes and their associated estimates of costs for presentation to potential developers in the area. The Township would then select the scope of watermain project and Spicer will provide a separate final design scope of services agreement at a later date.

#### Scope of Professional Services

Spicer Group's proposed services is as follows:

#### Plan Alternative Preparation Phase:

- Meet with Township to review the scope and schedule of the proposed project.
- Gather utility information from MissDig, City of Alma, Gratiot County Drain Office, and Road Commission.
- Prepare a map of water main extension alternatives starting from the current watermain near the Alger Road Wal-Mart and running up and across Alger Road, crossing and running along Monroe Road (M-46) east to the US-127 overpass, and also running west to Smith Road.
- 4. Prepare preliminary estimates of costs and bid schedules for said watermain extensions
- 5. Meet with you to review alternatives and estimates

#### Schedule

The above work is anticipated to be completed by March 1.

#### Additional Services

Additional services related to this project will be furnished by us after you authorize the work. Our fee for the additional services will be determined at the time they are agreed to and rendered.

Should we approach the amount of the fee for any reason before we are finished with the work, if the scope changes, or our understanding was incorrect, we will notify you and discuss with you the option of adjusting the amount of the fee or adjusting the scope of services.
